Re: Special Education Change in Course for all SPE Programs

From: Kathryn Havercroft, Chair

Date: September 17, 2020

Change Course for all SPE Undergraduate Program Options:

Change HPR3000/PUBH 3000 Health Concepts for Teachers

to

PUBH 3200 School Health for K12 Teachers

Rationale:

Public health eliminated HPR/PUBH 3000 in 2019-2020 and replaced it with PUBH 3200 for 2020-2021; they had this change approved through all required committees.
