

LUMPKIN COLLEGE OF BUSINESS & TECHNOLOGY

HOSPITALITY & TOURISM

The Hospitality and Tourism Industry is one of the largest in the world and provides graduates with global opportunities to be managers in dynamic settings such as hotels, event and meeting venues, convention centers, restaurants, resorts, country clubs, and amusement parks.

In addition to courses in hospitality and tourism, students complete either a Business Administration minor or an Entrepreneurship minor. Students become engaged in the industry through two industry supervised work experiences, hands-on learning activities such as The Café lab and field trips, interaction with guest speakers, and participation in professional conferences and student organizations. The HTM program is transfer friendly with Illinois community college courses.
