EDF 5560 Philosophy and History of Education (3)		
If the thesis option is chosen, 3-6 hours of Thesis credit SPE 5950 must be completed. Thesis must be completed based on a topic related to curriculum.		
<b>Additional LBS II/CAS Requirements:</b>		
If non-thesis option is chosen, a combined 5120/5900 Comprehensive Exam must be successfully completed. Candidates must be at the mid-point of their program to take the exam. LBS II Exam (through the state) for Curriculum Adaptation Specialist must also be passed as a graduation requirement. Testing windows for LBS II are listed on the Illinois Licensure Testing System website.		
If thesis option is chosen, no Comprehensive Exam is required; LBS II must be passed		

If an individual enters the program and already has a master's degree, an evaluation will be completed of prior work taken to determine which of the EPP objectives and Illinois Standards for Curriculum Adaptation Specialist have been met and which have not been met in prior coursework. Based on this standards-based evaluation, requirements will be modified for individuals who already hold a master's degree.
